

Brewer Design OEM Division Expands Capabilities, Services and Technologies

Menomonee Falls, WI. April 10, 2009 --- **Brewer Design**, a division of The Brewer Company, is pleased to announce their OEM Division has added capabilities and technologies. Most recently, the division has enhanced its structure and offerings to include; Ultrasonic Welding and RF Welding in efforts to continue to bring innovation and expanded capabilities to its OEM business partners.

Brewer Design's strategic focus is to create for its OEM partners, healthcare furnishing solutions that enhance the patient and clinician experience, reduce stress and improve comfort, safety and efficiency. The OEM Division specializes in component or turnkey operations that require collaborative product design, custom manufacturing expertise and quick delivery.

The OEM Division's innovative culture provides custom and ergonomically designed seating, upholstery solutions, patient positioning and therapeutic support surfaces for a variety of industries with a special focus on healthcare.

Additional capabilities and services include: engineering, product testing, pressure mapping, prototyping, assembly and custom inventory management.

ABOUT BREWER DESIGN Brewer Design has been a leading manufacturer of dental seating and OEM solutions for over sixty years. Based in Menomonee Falls, Wisconsin, Brewer Design's products, coupled with its OEM capabilities include ergonomic seating for dental, optical and industrial markets.

ABOUT THE BREWER COMPANY The Brewer Company, parent company of Brewer Design and Brewer Medical, began its operation in 1947 as a custom tube fabricator constructing products for a wide range of industrial and consumer applications. Brewer Medical leads the industry in innovation through our comprehensive line of power procedure tables, exam tables, seating, lighting and durable medical equipment.
